Tampa, FL | (813)-619-9614 | sairajpulaparthi310@gmail.com |www.linkedin.com/in/sairaj-pulaparthi/

EDUCATION

University of Florida, Hough Graduate School of Business **May 2028**
Master of Information Systems and Operations Management Gainesville, FL

University of Florida, Warrington College of Business **May 2027**
Bachelor of Science in Business Administration, Information Systems Gainesville, FL

WORK EXPERIENCE

OPSWAT **May 2025 – August 2025**
Product Manager Intern
Global Cybersecurity & Critical Infrastructure Protection Tampa, FL

- Drove strategic development of multiple B2B cybersecurity products (Meta Defender Kiosk, Endpoint, Firewall, and Drive) by translating business needs into actionable product requirements and timelines, resulting in clearer cross-team alignment and faster delivery cycles.
- Accelerated hardware prototype development by collaborating with the engineering team on PCB manufacturing processes including component selection, resistor placement, crimping, and soldering which improved testing efficiency and reduced rework time.
- Improved sales deal velocity by identifying 150+ potential Deal Blocker Jira tickets through a custom dashboard built with JQL, enabling leadership to prioritize and resolve high-risk issues across product lines.
- Eliminated manual roadmap reporting bottlenecks by initiating work with Power BI developers to automate Jira-sourced product metrics, resulting in real-time visibility into product progress and better stakeholder decision-making.

Hustl **January 2025 – August 2025**
Chief Operating Officer
Student-Led Startup — Hyper-Local B2C Marketplace Gainesville, FL

- Founded and led Hustl, a hyper-local marketplace connecting students for quick gig fulfillment and on-campus delivery needs, establishing a scalable platform centered on speed and convenience.
- Designed the business model integrating micro-gigs with local delivery services to increase student collaboration, driving stronger engagement within campus communities.
- Built the product roadmap, feature priorities, and user flow optimized for fast and intuitive use, resulting in a 24% increase in user engagement during early testing and pilot launch.

Med Launch Concepts **August 2025 - Present**
Product Manager Intern
Healthcare Technology — Accreditation & Compliance Platforms Gainesville, FL

- Supported development of a 500+ user accreditation portal by assisting the Product Manager with requirement gathering and feature planning, resulting in a scalable foundation for future multi-department adoption.
- Improved release quality and standards compliance by leading a QA team of 4–6 testers and defining testing procedures, achieving 95% alignment with accreditation requirements across major product iterations.
- Enhanced on-time delivery of major releases by contributing to planning and documentation for more than three development milestones, which streamlined collaboration and reduced cross-team blockers.
